Dear [Dr. Editorian]:

I am pleased to submit an original research article entitled "**A mixed dynamic optimization with mu-synthesis (D-K iterations) via gain scheduling for dynamic constraints of decoupled twin-rotor MIMO system based on method of inequality (MOI).**" by Nadir Abbas and **Xiaodong Liu** for consideration for publication. We believe that this manuscript is appropriate for publication by **Control Engineering and Applied Informatics Metrics** because this article have latest research background about flight control. This manuscript has not been published and is not under consideration for publication elsewhere. If you feel that the manuscript is appropriate for your journal.

Thank you for your consideration!

Sincerely,
